Notifications

Welcome to the Central Supplier Database (Dept. National Treasury) for the South African government.

The Central Supplier Database National Treasury maintains a database of organisations, institutions and individuals who can provide goods and services to government. The CSD will serve as the single source of key supplier information for organs of state from 01 April 2016 providing consolidated, accurate, up-to-date, complete and verified supplier information to procuring organs of state.

Prospective suppliers interested in pursuing opportunities within the South African government are encouraged to self-register on the Central Supplier Database. This self-registration application represents an expression of interest from the supplier to conduct business with the South African government. Once submitted, your details will be assessed for inclusion on the Central Supplier Database.

All the current suppliers that are registered on the Department Human Settlements of supplier Database must also register on the Central Supplier Database.
